INVESTMENT DETAILS		
Distribution Rate to Investors	The distribution rate for Units is variable and is equal to the coupon rate payable by Skyring Capital less our management fee (and less extraordinary Fund expenses, if any are incurred). The distribution rate will change from time to time as the coupon rate on Notes is a variable rate. The current distribution rate is available on our website, www.skyring.com.au, or by contacting us on 1300 73 72 74. However, past performance is not necessarily a guide to future performance and the distribution rate will vary.	2.3
Bonus Distribution	Investors who submit an Application Form by the Closing Date and are issued Units under this PDS by 24 December 2025 will be entitled to a bonus distribution on those Units of an amount equal to 1.5% p.a. of the issue price of Units (Bonus Distribution). This Bonus Distribution is payable in addition to the distribution rate payable on Units generally (being the current distribution rate shown on our website) and applies until 30 April 2026. The Bonus Distribution is funded via Notes issued during the period from the date of this PDS until 24 December 2025 carrying a coupon rate which is 1.5% per annum higher than the variable coupon rate applying to Notes generally, with such higher coupon rate applying until 30 April 2026. The payment of the bonus distribution rate is subject to Skyring Capital meeting its coupon payment obligations and the same risks as the payment of distributions generally.	2.3
Distributions	Distributions (including any Bonus Distribution) will, where available, be paid monthly in arrears within five Business Days after the last day of each month by direct debit to your nominated account. Distributions will be paid by electronic funds transfer into your nominated financial institution account.	2.3
Distribution Reinvestments	The Distribution Reinvestment Plan (DRP) is a convenient way for you to increase your holding of Units in the Fund, by allowing you to automatically reinvest all or part of your monthly Distributions in additional Units, without incurring any fees or other transaction costs. The DRP is available to unitholders in the Fund (Unitholders) with registered addresses in Australia. If you wish to participate in the DRP, select the DRP election in the Application Form or at any other time by completing the Reinvestment Instruction Form available from Skyring. You may nominate part or all of your unit holding in the Fund for participation in the DRP. Your nominated participation will apply to all subsequent Distributions until varied by you.	2.3

INVESTMENT DETAILS (CONT.)		
Withdrawals	The Fund is a non-liquid managed investment scheme which means investors will not be able to withdraw their investment in the Fund unless we make a Withdrawal Offer. We intend to reserve sufficient cash to facilitate the making of a Withdrawal Offer to investors each Quarter. The cash will be generated from the redemption of Notes (which will be funded by Skyring Capital from the repayment of loans it has made to borrowers), funds from investors or a combination of both. Details of the process and the conditions for participating in a Withdrawal Offer (including that you must have held Units for 3 months prior to the date of the Withdrawal Offer) are summarised in section 2.4. We do not guarantee that Withdrawal Offers will be made each Quarter. Further, if a Withdrawal Offer is made, we do not guarantee that you will be able to withdraw the full amount requested. This is because if the amount of withdrawal requests exceeds the amount available under the Withdrawal Offer, withdrawal requests from investors will be satisfied on a pro rata basis.	2.4
Transfer	You may transfer your Units to another person but there will be no established secondary market (e.g. stock exchange) for the Fund.	2.5

2. Investment Objectives and How to invest

2.1 INVESTMENT OBJECTIVE

The Fund's objective is to provide investors with regular income via monthly distributions from investing in Notes. The Notes are secured by a first ranking security interest over the assets of Skyring Capital. The terms and conditions of the Notes are summarised in section 3.1.

Skyring Capital was established to operate a lending business using proceeds from the issue of Notes to the Fund to provide loans for residential, commercial, retail and industrial property development, construction or acquisition, and for business growth and acquisition.

Each loan is secured by a first ranking mortgage over real property or, for business loans, a first ranking general security interest over the borrower's assets. Skyring Capital primarily sources loans where the corresponding security is over properties and business located throughout Australia.

Skyring Capital's lending policy is summarised in section 4 and details of Skyring Capital, including its management, are provided in section 3.3.

We can notify Skyring Capital of changes to the coupon rate from time to time, but not more frequently than monthly.

Our Board reviews the coupon rate on a monthly basis based on various factors such as market conditions, the Reserve Bank of Australia official cash rate (Cash Rate) and the amount which we consider provides an appropriate return to the Fund (and therefore Investors) for the investment risk of the Notes.

If we consider the coupon rate should be varied we will notify Skyring Capital of the revised coupon rate, which will apply to all Notes on issue at that time (and to any Notes issued until the coupon rate is next varied).

If we determine not to vary the coupon rate, we are not required to notify Skyring Capital and the prevailing coupon rate will continue to apply until we determine to change the coupon rate and notify Skyring Capital.

We, and our officers, associates and their related entities, do not guarantee the payment of income on, or return of capital of, an investment in the Fund.

2.2 HOW DO I INVEST IN THE FUND?

To invest in the Fund, please read this PDS and complete and submit the online Application Form, or complete and lodge an original signed paper copy of the Application Form, and pay your application monies, in accordance with the instructions on that form.

When you apply to invest in the Fund, your money is held in trust in an applications account until we accept your application. We have absolute discretion to decline an application and are not required to give a reason.

If your application is declined, your application money will be returned promptly, with interest (if any) earned on your application money less any fees charged by the bank and any taxes we are required to withhold from the interest paid to you. However, you will not receive less than the amount of your application monies.

2. Investment Objectives and How to invest

Any interest earned on the application money for which Units are issued will form part of the assets of the Fund.

Indirect Investors

If you invest through an IDPS, such as investor directed portfolio services, wrap accounts and master trusts, your rights and liabilities will be governed by the terms and conditions of the disclosure document given to you by the relevant IDPS Operator (IDPS Guide). Indirect investors should carefully read the IDPS Guide before investing in the Fund.

Indirect investors should note that they are directing their IDPS Operator to arrange for their money to be invested in the Fund on their behalf. Indirect investors do not become investors in the Fund or have rights of investors. The IDPS Operator becomes the investor in

the Fund and acquires these rights. The IDPS Operator can exercise or decline to exercise the rights on an indirect investor's behalf according to the arrangement governing the IDPS. Indirect investors should refer to their IDPS Guide for information relating to their rights and responsibilities as indirect investors, including information on any fees and charges applicable to their investment.

Information about how indirect investors can apply for Units (including an application form where applicable) will also be contained in the IDPS Guide. We accept no responsibility for IDPS Operators or any failure by an IDPS operator to provide indirect investors with a current version of this PDS as provided by us or to withdraw the PDS from circulation if required by us.

If you are investing through an IDPS:

- (a) your IDPS Operator will complete the Application Form for you. Do not complete the Application Form attached to this PDS. Your IDPS Operator will be able to advise you of the minimum investment amounts that relate to you; and
- (b) if we make a withdrawal offer, you will need to provide your withdrawal request directly to your IDPS Operator. You will need to contact the relevant IDPS Operator regarding their withdrawal request cut-off times for pricing purposes. The time to process a withdrawal request will depend on the particular IDPS Operator. You should refer to the IDPS Guide for the minimum withdrawal amount; and

- (c) you are able to access our complaints procedures (see section 10.4). for complaints about any aspect of your investment in the Fund. If investing via an IDPS and your complaint concerns the operation of the IDPS then you should contact the IDPS operator directly.

We authorise the use of this PDS by investors investing in the Fund indirectly through an IDPS Operator.

2. Investment Objectives and How to invest

2.3 DISTRIBUTIONS

The current distribution rate is available on our website, www.skyring.com.au, or by contacting us on 1300 73 72 74. However, past performance is not necessarily a guide to future performance as the distribution rate is variable and is equal to the coupon rate payable by Skyring Capital less our management fee (and less extraordinary Fund expenses, if any are incurred).

The distribution rate will change from time to time as the coupon rate on Notes is a variable rate determined by us and notified to Skyring Capital from time to time. The coupon amount is calculated daily and payable monthly in arrears. We determine the coupon rate based on various factors such as market conditions, the Reserve Bank of Australia official cash rate (**Cash Rate**) and the amount

which we consider provides an appropriate return to the Fund (and therefore Investors) for the investment risk of the Notes. The distribution rate will also be impacted by the incurrence of any extraordinary Fund expenses and by the non-payment of the monthly coupon on Notes by Skyring Capital.

In addition to the distribution rate, Investors who submit an Application Form by the Closing Date and are issued Units under this Offer by 24 December 2025 will be entitled to a Bonus Distribution on those Units of an amount equal to 1.5% p.a. of the issue price of the Units. The Bonus Distribution will apply until 30 April 2026. The Bonus Distribution is funded via Notes issued during the period from the date of this PDS until 24 December 2025 carrying a coupon rate which is 1.5% per annum higher than the variable coupon rate

applying to Notes generally, with such higher coupon rate applying until 30 April 2026.

The payment of Distributions (including any Bonus Distribution) will be dependent upon Skyring Capital meeting its obligations under the Notes and making coupon payments in full and on time. Therefore, an investment in the Fund is subject to investment risk, including the loss of capital invested. You should refer to section 6.2 for a discussion of the risks of investing in the Fund.

Subject to the availability of funds, Distributions will be paid by electronic funds transfer into your nominated financial institution account.

The transfer of Distributions to your account will typically occur within 5 Business Days of the end of each Distribution Period (being monthly).

Distributions by the Fund to investors will be sourced from coupon payments made by Skyring Capital and not from Fund borrowings (as the Fund will not borrow).

Coupon payments from Skyring Capital to the Fund will primarily be sourced from interest payments from borrowers and not from Skyring Capital borrowings (as Skyring Capital does not intend to have any borrowings other than the Notes).

2. Investment Objectives and How to invest

2.4 WITHDRAWALS

The Fund operates as a non-liquid scheme and you can only withdraw from the Fund in response to a Withdrawal Offer made by us. We cannot guarantee the offer or payment of withdrawals at any particular time. We intend to make Withdrawal Offers on a Quarterly basis.

To participate in a Withdrawal Offer, you must:

- (a) have held Units for at least 3 months prior to the date of the Withdrawal Offer; and
- (b) lodge a valid notice of your intention to participate in the Withdrawal Offer (**Participation Notice**) with us at least 60 days prior to the end of the relevant Quarter. The form of notice is available at www.skyring.com.au.

If we have not received any Participation Notices for a Quarter,

we will not make a Withdrawal Offer for that Quarter.

The Participation Notice requires investors to identify the amount they are seeking to withdraw from the Fund. This information assists us to budget the amount to make available under the Withdrawal Offer.

However, we do not represent or guarantee that the amount available under a Withdrawal Offer will be equivalent to the total amount which investors have indicated in the Participation Notices that they are seeking to withdraw from the Fund as the amount available for a Withdrawal Offer will primarily depend upon the receipt of proceeds from the redemption of Notes (and the redemption of Notes by Skyring Capital will depend upon the repayment of loans by borrowers) and investor subscriptions.

A Withdrawal Offer will only be made to investors (**Eligible Investors**) who satisfy the above requirements. We will provide a Withdrawal Request Form to Eligible Investors which will specify:

- (a) the period during which the offer will remain open which will be at least 21 days after the offer is made (**Offer Period**);
- (b) the assets that will be used to satisfy Withdrawal Requests;
- (c) the amount of money that is expected to be available when those assets are converted into cash; and
- (d) the method of dealing with Withdrawal Requests if the money available is insufficient to satisfy all requests.

Eligible investors may request written withdrawal of part or all

of their eligible Units by giving a notice that must be received no later than 5.00pm AEST on the last business day of the Offer Period. As required by the Corporations Act the Withdrawal Requests must be satisfied within 21 days of the end of the Offer Period. No fee is payable for a withdrawal. If satisfaction of a Withdrawal Request will result in the value of an Eligible Investor's investment being less than \$1,000, we may treat the Withdrawal Request as applying to their entire investment.

No withdrawals can be made outside of an Offer Period.

If the Fund suffers a loss on its investment in Notes, there may be a reduction in value of the assets in the Fund on which the withdrawal value is based. This may result in a reduced withdrawal price payable to the investors who are redeeming Units.

2. Investment Objectives and How to invest

2.4 WITHDRAWALS (CONT.)

We do not guarantee Withdrawal Offers will be made each Quarter, as this will be dependent on having sufficient funds available which is primarily determined by the redemption of Notes by Skyring Capital. Further, if a Withdrawal Offer is made, we do not guarantee that you will be able to withdraw the full amount requested as we are required to satisfy Withdrawal Requests pro-rata if the amount requested for withdrawal by participating Eligible Investors exceeds the amount of the Withdrawal Offer.

We also reserve the right to cancel a Withdrawal Offer before the closing date.

2.5 TRANSFER OF UNITS

You should consider your investment as illiquid as there is no established secondary market (e.g. stock exchange) for the Fund. However, you may transfer your Units to another person subject to the Constitution.

We will maintain a list of proposed buyers and sellers of Units, and investors can be added to, or obtain a copy of, the list by contacting us. If you wish to sell your Units, you will need to contact a potential buyer and privately agree the terms of any transfer, including price, as we will not list buy or sell prices or facilitate the sale or purchase of Units. To transfer your investment, you must find a buyer and send us a valid transfer request signed by both parties. You can obtain transfer forms by contacting us, using the details in the Corporate Directory.

2.6 NATURE OF UNITS

This PDS relates to an offer of bonus class ordinary units in the Fund and other classes of units will be on issue in the Fund from time to time. All classes of units issued in the Fund will have the same rights and restrictions but may have different distribution rates as a result of the Bonus Distribution or coupon rate applying at the time Notes are issued using the proceeds from the issue of such units.

Further, all Notes will be issued under the Note Subscription Deed, have the same terms and conditions and be secured by the Note Security Deed.

Different classes of units in the Fund will not have an interest in specific Notes and Notes issued by Skyring Capital will not correspond to specific loans advanced by Skyring Capital.

2.7 REPORTING

You will receive written confirmation of your investment in the Fund as well as the following regular updates:

- (a) monthly Distribution statements;
- (b) quarterly updates on the performance of your investment;
- (c) an annual taxation statement; and
- (d) an annual periodic statement.

The Fund's annual financial statements can, when available, be downloaded from the Skyring Investor Portal, accessed from our website at www.skyring.com.au.

COVENANTS AND DEFAULT	If an event of default occurs in respect of Skyring Capital, the Fund may immediately require Skyring Capital to redeem all of the Notes. Events of default include: (a) Skyring Capital fails to pay a coupon payment or the redemption amount on a Note when due; (b) Skyring Capital becomes insolvent or is unable to pay its debts; (c) Skyring Capital stops paying its debt or ceases to carry on business; and (d) any representation or warranty provided by Skyring Capital being incorrect or misleading in a manner the Fund considers material. For so long as one or more Notes remain on issue, Skyring Capital is required to (among other things): (a) maintain its corporate existence; (b) carry on and conduct its business in the ordinary and usual course; and (c) not issue any other notes which rank in priority to the Notes and/or grant security over its assets to another entity, without the Fund's prior written consent.

4. Lending Policies

All loans advanced by Skyring Capital must satisfy a range of risk management and lending guidelines as set out in its Lending Policy, as varied from time to time.

Skyring Capital's key lending parameters are as follows:

LENDING PARAMETERS	
LOAN PURPOSE	Skyring Capital provides loans for residential, commercial, retail and industrial property development, construction or acquisition, and for business growth and acquisition, where the loan will be secured by a first ranking mortgage over real property or, for business loans, a first ranking general security interest over the borrower. Skyring Capital will primarily source loans for property development, construction and acquisition, and business growth and acquisition, and Skyring Capital will provide loans relating to properties and business located throughout Australia. Skyring Capital will only provide first-ranking or senior debt loans and will not provide second-ranking or mezzanine loans.
LENDING VALUATION RATIO (LVR)	Prior to the advance being made, a borrower must demonstrate to Skyring Capital's satisfaction, that it has adequate property or assets to secure the loan. Loans which are advanced for property development or construction purposes will have a maximum LVR of 70% on both an 'as is' and 'as if complete' basis. All other loans secured over real property will also have a maximum LVR of 70%. For loans secured over assets other than real property, we may lend on an LVR of up to 70% of the value of the assets securing the loan (for example, for a loan to fund the acquisition of a business which is secured over the assets of that business).
INTEREST RATES	Skyring Capital will determine the interest rates and fees payable by a borrower having regard to prevailing market rates, the borrower's borrowing history, the purpose of the loan and any other matter which Skyring Capital considers relevant on a case by case basis. Interest rates will be set at rates which provide an appropriate risk margin over the cost of funds and enable Skyring Capital to meet its coupon payments on the Notes. Loans will typically carry a variable interest rate.
ACCEPTABLE SECURITY	All loans will be secured by: (a) a registered first mortgage over real property; and/or (b) a registered first ranking general security interest over the assets and undertaking of the borrower. Loans may be supported by additional security such as guarantees from the directors or owners of the borrower.

4. Lending Policies

LENDING PARAMETERS (cont.)

VALUATIONS

Skyring Capital will obtain an independent valuation over any real property and the Lending Policy requires:

- (a) a valuer to be a member of an appropriate professional body in the jurisdiction in which the relevant property is located;
- (b) a valuer to be independent;
- (c) any real or potential conflict of interest to be dealt with in accordance with Skyring Capital's conflict policy;
- (d) the rotation and diversity of valuers.

Additionally, independent valuations must be obtained:

- (a) before the issue of a loan;
- (b) on renewal or extension of a loan (if applicable) for a period of more than 6 months or on renewal or extension for a period of less than 6 months where Skyring Capital considers that there has been a material decline in value of the security property;
- (c) for loans secured by a mortgage over real property, where the security property is a development property, on both an 'as is' and 'as if complete' basis and, for all other real property security, on an 'as is' basis; and
- (d) within two months after Skyring Capital forms a view that there is a likelihood that a decrease in the value of security property may have caused a material breach of the relevant loan agreement.

For loans secured over assets other than real property, Skyring Capital's Lending Policy requires it to obtain an assessment of the value of those assets from an accountant, business broker or other person who it considers has suitable expertise to assess the value of the assets having regard to the type of asset, and, in each case, who is independent from the borrower.

Skyring Capital will obtain an assessment of the value of such secured assets in respect of a loan before the issue of the loan, on renewal or extension of the loan (if applicable) for a period of more than 6 months or where Skyring Capital considers that there has been a material decline in the value of the security property, and within two months after Skyring Capital forms a view that there is a likelihood of a decrease in the value of security property which may cause a material breach of a covenant of the relevant loan agreement.

4. Lending Policies

LENDING PARAMETERS (cont.)	
LOAN TERM	Loans will generally be of a term of 12 months to 18 months.
LOAN APPROVALS	All Loans require the approval of the board of Skyring Capital.
LOAN SERVICEABILITY	Skyring Capital must take into account a borrower's ability to service the loan having regard to their forecast and historical cash flow statements, access to liquid assets, and any retention of funds advanced to meet interest payments.
DEFAULT MANAGEMENT	The mandatory default management procedures in the event of default by a borrower under a loan agreement are as follows: (a) Skyring Capital will immediately contact the borrower to ascertain the reason for the default and determine whether the borrower can rectify the default in a reasonable time; (b) if the default remains outstanding for 10 days, the default is escalated to Skyring Capital's board; (c) if the default is not rectified within 28 days, Skyring Capital will consider instructing lawyers to commence legal proceedings to recover the loan; (d) a decision by Skyring Capital on whether to instruct lawyers will be based on what it believes is in the best interest of investors; and (e) Skyring Capital will immediately advise us of any default which remains outstanding for 10 days and of the status of the loan, including any enforcement action taken.
CO-LENDER	Skyring Capital may partner with another lender, on a first mortgage basis to jointly provide a loan to a borrower. In which case Skyring Capital will enter into an agreement with the co-lender which sets out how the parties, as co-lenders, will exercise their rights under the loan agreement and security documents with the borrower and which requires interest payments and principal repayments from the borrower to be allocated between the co-lenders in proportion to their contribution to the loan.

6. Benefits and Risks of Investing

You will benefit from the expertise and experience of our key management personnel. Section 5.2 provides information about our Board.

6.2 INVESTMENT RISKS

Before deciding whether to invest in the Fund, it is important that you understand the risks that can affect your investment. All investments are subject to risk, and investments may not perform as expected resulting in a loss of capital or income to investors or may not ultimately meet an investor's objectives.

You should give consideration to the following risk factors, as well as the other information contained in this PDS before investing in the Fund.

Skyring Capital unable to make coupon payments or repay Notes upon redemption

The key risk is that Skyring Capital is not able to make coupon payments or repay the face value of the Notes upon redemption. Skyring Capital is reliant on borrowers to make interest payments and repay the loan principal in accordance with the loan terms in order to meet its obligations under the Notes.

Further, the loans made by Skyring Capital as at the date of this PDS are a combination of fixed and variable rate loans and Skyring Capital anticipates future loans will also be a combination of fixed and variable rate loans. For variable rate loans, increases in the variable rate will increase the borrower's interest rate payments and may result in higher levels of non-payment of interest and loan defaults. Such circumstance would adversely impact Skyring Capital's ability to make coupon payments on the Notes.

As the coupon rate on Notes is a variable rate determined by us from time to time, frequent and/or significant increases in the coupon rate on Notes may impact Skyring Capital's ability to make coupon payments on the Notes even where borrowers are paying interest on their loans in accordance with their obligations, if the coupon payments

6. Benefits and Risks of Investing

payable by Skyring Capital on the Notes exceed the interest payments it receives from borrowers. This is because, for fixed rate loans, Skyring Capital will not be able to increase the interest rate charged to borrowers to reflect increases in the coupon rate and, for variable rate loans, Skyring Capital may not be able to increase the interest rate charged to borrowers to reflect increases in the coupon rate where such increases occur independently of, or are higher than, increases in the variable rate applicable to loans.

If Skyring Capital does not meet its obligations under the Notes, it will adversely impact the Distribution rate paid to investors and may result in investors not receiving a return, suffering a capital loss or both.

Reliance on Skyring Capital

The Fund is reliant on Skyring Capital to source, approve, manage and recover loans and to operate in accordance with its Lending Policy. If Skyring Capital fails to diligently and appropriately perform these functions and makes inappropriate loans, does not manage loans effectively or does not take appropriate and timely enforcement action, it will increase the risk of Skyring Capital defaulting on its obligations under the Notes and impact the value and performance of an investment in the Fund.

Inadequacy of Note security

The Notes will be secured by a first-ranking general security interest over the assets and undertaking of Skyring Capital. However, Skyring Capital's assets will predominantly comprise the loans it makes to borrowers and security obtained to enforce those loans. If a borrower defaults on its obligations and Skyring Capital is unable to recover the entire amount owing by the borrower upon enforcement of the security resulting in Skyring Capital defaulting on its payment obligations under the Notes, it is unlikely the Fund will recover the shortfall from enforcing its security over Skyring Capital.

Further, no valuation will be undertaken of Skyring Capital prior to the Fund investing in Notes or the time of any subsequent subscription for Notes and we are not responsible for the ensuring the adequacy of valuations of security property for loans made by Skyring Capital.

Variable coupon rate

The coupon rate of each Note is a variable rate which is determined by us and notified to Skyring Capital from time to time. Changes to the coupon rate payable on the Notes will impact the distribution rate payable to investors.

6. Benefits and Risks of Investing

Note increments

The Fund can subscribe for Notes in increments of \$1,000 and Skyring Capital is required to issue Notes subscribed for by the Fund. The minimum loan amount for loans made by Skyring Capital is expected to be no less than \$200,000. As the Note increments are smaller than the loans which Skyring Capital will make, Skyring Capital may hold Note proceeds upon which it is required to pay the coupon rate but will not advance these funds to a borrower. Consequently, Skyring Capital will need to fund the coupon payments on those Notes from its own resources (such as fees charged to borrowers).

There is a risk Skyring Capital may not have sufficient financial resources to fund such payments which will constitute an event of default and adversely impact the payment of distributions to investors.

Lack of diversification

The Fund will only invest in Notes, and hold cash held pending investment in Notes, distribution to investors or payment of our fees. Therefore, an investment in the Fund will not offer diversification. While Skyring Capital aims to achieve a diversified loan portfolio, as the Fund's only investment (other than a cash holding) will be the Notes, if the Notes fail to perform as expected it will adversely impact the performance in the Fund.

Lending risk

Skyring Capital is primarily a lending business and, consequently, the Fund, via its investment in Notes, is subject to the risks of providing secured loans to borrowers. These risks include inadequacy of security, independent valuations may be flawed, the costs of enforcing security and taking action to recover loan principal and outstanding interest, and concentration of loan portfolio. Construction and development loans pose additional risks such as costs overruns and the potential for changes in market conditions during the construction period.

Related party and conflict of interest risk

The key risk posed by investing in Notes issued by a related party is that we may fail to sufficiently:

- (a) the performance of obligations by;
- (b) take action against; or
- (c) in the event of a default, enforce our security against,

Skyring Capital, to the detriment of investors.

We manage such risks and potential conflicts of interest by adhering to our Conflict Policy and with the assistance of our Compliance Committee (which has a majority of independent members).

6. Benefits and Risks of Investing

Liquidity risk

An investment in the Fund should be treated as an illiquid medium to long-term investment because there is no secondary market for Units. If you wish to exit your investment prior to doing so through making a Withdrawal Offer, you will need to find a buyer for your Units.

We will maintain a list of proposed buyers and sellers of Units and investors can be added to, or obtain a copy of, the list by contacting us using the details in the Corporate Directory. If you wish to sell your Units, you will need to contact a potential buyer and privately agree the terms of any sale, including price, as we will not list buy or sell prices or facilitate the sale or purchase of Units.

Compliance risk

If we fail to comply with our AFS Licence conditions, the Constitution, Compliance Plan or Corporations Act it will likely have an adverse impact on you and the value of your investments. This may result in:

- (a) the Fund being wound up; or
- (b) ASIC taking action to remove us as the responsible entity.

Key personnel risk

This is the risk that changes in our management or the loss of key personnel may result in us not adequately monitoring and overseeing the approval, management and enforcement of loans thus increasing the risk of policies and procedures not being adhered to.

Regulatory risk

There is a risk that changes to the regulatory environment or the financial services industry may, either directly or indirectly, affect the value of an investment in the Fund.

Taxation risk

Australian tax laws are constantly in a state of flux with the introduction of various taxation amendments which may affect you.

Tax liability is your responsibility. We are not responsible for the taxation consequences of an investment in the Fund. You should consult your own taxation adviser to ascertain the tax implications of your investments. See section 8 for further information.

Macro economic risk

The general state of the Australian and international economies, as well as changes in taxation, monetary policies, interest rates and statutory requirements may affect:

- (a) a borrower's ability to meet its obligations under the loan agreement and, consequently, Skyring Capital's ability to meet its obligations under the Notes; or
- (b) the Fund's performance negatively and thus the value of your investment.

7. Fees and Costs

7.1 CONSUMER ADVISORY WARNING

The Corporations Regulations 2001 requires us to include the following standard consumer advisory warning. This warning is required to be inserted into all product disclosure statements and is not specific to this PDS.

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

7.3 EXAMPLE OF ANNUAL FEES AND COSTS

This table gives an example of how the ongoing annual fees and costs for the Fund can affect your investment over a one-year period. You should use this table to compare this Fund with other products offered by managed investment schemes.

EXAMPLE		Balance of \$50,000 with total contributions of \$5,000 during year
CONTRIBUTION FEES	Nil	For every additional \$5,000 you put in you will be charged \$0. ¹

1. It is a requirement of the Corporations Regulations that the above example assumes a balance of \$50,000 and an additional contribution made at the end of the period of \$5,000.

2. Management fees of \$385. This fee is typically deducted from the coupon payments made by Skyring Capital and not deducted from the amount you invest.

3. The management costs for the Fund are not negotiable for retail clients.

7. Fees and Costs

7.4 ADDITIONAL EXPLANATION OF FEES AND COSTS

Management Fee

This is the fee payable to us for operating the Fund. This fee will typically be paid from Skyring Capital's coupon payments and not deducted from the amount you invest. However, if Skyring Capital defaults and we enforce the Fund's rights under the Notes we may pay our management fee from amounts (if any) the Fund recovers from Skyring Capital.

We will pay ordinary Fund expenses associated with the Fund from our management fee or our other resources.

Under the Constitution, we are entitled to a maximum management fee for managing the Fund of up to 5.5% per annum of the value of the gross asset value of the Fund.

We reserve the right to delay or waive payment of the above fees at our discretion.

Fund Expenses

Generally, we will pay the expenses incurred in connection with the Fund (including the fees payable to the Custodian) from our own resources and they will not form part of the management costs.

However, if extraordinary or unusual expenses are incurred we may choose to recover these costs from the Fund. Examples of this type of expense include the costs involved in:

- (a) convening a meeting of investors;
- (b) termination of the Fund;
- (c) amending the Fund constitution;
- (d) defending or bringing of litigation proceedings; or
- (e) replacement of the responsible entity.

The management fees and costs amount in the table in section 7.2 above does not include any extraordinary expenses as none were incurred in the financial year ended 30 June 2024.

Removal fees

Under the Constitution, we are entitled to a fee of 2.2% of the value of the Fund's assets if we are removed as the responsible entity of the Fund (other than as a result of a determination by ASIC or an Australian Court, or an acknowledgement by us, of gross negligence in the management of the Fund or a material fiduciary breach). For example, if the Fund's gross asset value was \$10 million, we would be entitled to receive a removal fee of \$220,000 if removed as responsible entity. The management fee estimate in the table in section 7.2 above does not include any removal fee.

7. Fees and Costs

Adviser remuneration

If your adviser recommends you invest, or facilitates your investment, in this Offer, you can elect to pay them an advice fee of:

- (a) up to 1.1% of your application amount (**Upfront Advice Fee**);
- (b) up to 0.045% per month of your investment balance with such amount payable from the distributions you receive on your investment (**Ongoing Advice Fee**); or
- (c) both (a) and (b),

by marking the appropriate boxes on the Application Form.

You can also authorise the payment of the Upfront Advice Fee to your adviser in relation to any further investments in the Fund. The Ongoing Advice Fee will apply to any further investments as it is calculated by reference to the

total value of your investment in the Fund.

You can also authorise your adviser to pay all or part of the Upfront Advice Fee and/or Ongoing Advice Fee to your personal financial planner, being the individual who advises you and who is an authorised representative or a representative of your adviser.

The Upfront Advice Fee, up to 1.1% of your application amount, is negotiated by you with your adviser and you authorise us to pay that amount to your nominated adviser out of your application moneys at the time Units are issued to you. This fee is not paid by the Responsible Entity or the Fund.

For example, if the application amount you paid to us is \$20,000, and you have directed us on your Application Form to pay an Upfront

Advice Fee of 1.1% of your application moneys, we will pay your nominated adviser an amount of \$220 from your application amount and the remaining \$19,780 will be invested in the Fund and 19,780 Units issued to you.

The Ongoing Advice Fee, up to 0.045% per month of your investment balance and calculated monthly in arrears, is negotiated by you with your adviser, and you authorise us to pay that amount to your nominated adviser out of your monthly distributions (if any) at the time they are payable to you. This fee is not paid by the Responsible Entity or the Fund.

For example, if your investment balance at the end of a month was \$20,000 and you requested we pay your adviser an Ongoing Advice Fee of 0.045% per month of your investment balance, your adviser

would be entitled to an Ongoing Advice Fee of \$9 for that month.

We would deduct this amount from your Distribution for that month and pay it to your adviser on your behalf. If no Distribution was payable for that month, we would deduct the fee from your next Distribution and pay it to your adviser on your behalf.

We will continue to pay the Ongoing Advice Fee to your adviser until you instruct us to stop. You can also change the amount of your Ongoing Advice Fee (up to the maximum fee of 0.045% per month). Instructions to cease, or to change, your Ongoing Advice Fee must be notified to us in writing and the cessation or change will apply from the month following the month in which we receive your notification. If you withdraw all of your investment, no further Ongoing Advice Fee is payable.

7. Fees and Costs

7.4 ADDITIONAL EXPLANATION OF FEES AND COSTS (CONT.)

Skyring Capital fees

Skyring Capital may also charge fees to borrowers, such as loan establishment fees and loan repayment fees. These fees will be retained by Skyring Capital and are not payable to the Fund or Responsible Entity.

Differential fee arrangements

We may negotiate different fee arrangements, such as fee rebates, waivers or reductions, for wholesale clients. Such differential fee arrangements will be by individual negotiation with us.

Fee entitlement

Notwithstanding anything else contained in this PDS, we are entitled to be paid our fees and reimbursed for Fund expenses from the assets of the Fund, prior to Distribution payments being made to investors.

GST and stamp duty

All fees stated in this PDS include (if applicable):

- (a) GST less any reduced input tax credits; and
- (b) stamp duty.

Incidental fees

We may charge fees where provided for under the Corporations Act. For example, a \$10 fee to provide a copy of the Constitution.

Referral fees

We may, at our discretion, pay individually negotiated referral fees to introducers of wholesale clients (as per section 761G of the Corporations Act) or sophisticated investors (as per section 761GA of the Corporations Act) to the Fund. These fees will be paid by us from our own resources and not from the assets of the Fund.

8. Taxation

8.1 GENERAL INFORMATION ONLY

Australian tax laws are complex and are subject to constant change. The views in this PDS are based on law and announcements current in Australia as at the date of this PDS. It does not take into account or anticipate any changes in the tax law or future judicial interpretations of the law after this time, nor does it take into account the tax law of countries other than Australia.

The taxation comments in this section are general in nature by necessity and the taxation implications may vary for each investor depending on their particular circumstances. Accordingly, we recommend you seek your own professional advice regarding the taxation implications associated with an investment in the Fund.

In this respect, the taxation comments below are only relevant for Australian resident investors.

They are not relevant for investors who may be subject to special tax rules such as banks, insurance companies, managed investment trusts, tax exempt organisations and dealers in securities.

You may be required to pay tax in relation to your investment in the Fund (generally income tax). However, you may be able to claim some tax offsets or have the benefit of some tax concessions.

Some tax information has been provided for you below. However, although every care is taken, it is never possible to rule out the risk that on a subsequent review, taxation liabilities for the Fund could be increased or the benefit of concessions reduced.

8.2 DISTRIBUTIONS

Under current legislation the Fund will not be subject to taxation provided its taxable income (including assessable realised capital gains) is distributed in full to investors.

The Fund will fully distribute its distributable income, calculated in accordance with the Constitution and applicable taxation legislation, to investors who are entitled to the income under the Constitution. Should realised capital losses arise, they are not distributed to investors but are retained in the Fund to be offset against any future realised capital gains.

8.3 INCOME TAX

You may be liable to pay income tax on Distributions received from the Fund depending on your total taxable income and your income tax rate.

The tax impact for you in relation to Distributions from the Fund will depend on:

- (a) your personal tax position;
- (b) your marginal tax rate; and
- (c) the composition of the Distribution, i.e. the proportion of income or tax offsets making up the Distribution.

We will send you an annual statement indicating the taxable and non-taxable component of Distributions (including any tax offsets) for the financial year, to assist in the preparation of your income tax return.

8. Taxation

8.4 CAPITAL GAINS TAX

There should be no capital gains tax liabilities for investors as the capital amount returned to investors will generally equal the amount initially invested, except if the Fund suffers a loss.

8.5 TRANSFER DUTY

Depending on the application of relevant State and Territory laws, transfer duty may be payable upon the transfer of Units. Investors should seek professional advice in relation to the application of transfer duty prior to transferring Units.

8.6 TAX FILE NUMBERS – AUSTRALIAN RESIDENTS

You can choose whether to provide your Tax File Number (TFN) on your Application Form. If you do not provide your TFN or claim an exemption, we are required to deduct tax at the highest marginal rate, plus the Medicare Levy (currently 47%), from your Distributions. We are authorised to collect TFNs under Australian tax law.

If you are a business taxpayer you may provide us with an ABN instead of a TFN.

8.7 GOODS AND SERVICES TAX (GST)

The issuing and redemption of Units will not be subject to GST.

GST is not payable on a transfer of Units. However, GST may be incurred on services that you acquire in relation to the acquisition, disposal or redemption of Units (such as legal or accounting advice). You should seek advice about whether you are entitled to claim input tax credits in respect of GST on those costs.

GST is not payable on Distributions made to you.

8. Taxation

8.8 WITHHOLDING TAX (OVERSEAS INVESTORS)

We may be required to withhold amounts from Distributions paid to overseas investors. Overseas investors should seek independent advice as to the application of withholding tax to their particular circumstances.

8.9 FOREIGN ACCOUNT TAX COMPLIANCE ACT (FATCA)

FATCA is United States (US) tax legislation that enables the US Internal Revenue Service (**IRS**) to identify and collect tax from US residents that invest in assets through non-US entities.

If you are a US resident for tax purposes, you should note that the Fund is a 'Foreign Financial Institution' under FATCA and complies with its FATCA obligations, as determined by the inter-governmental agreement entered into by Australia and the US for the purposes of implementing FATCA. Under these obligations, the Fund must obtain and disclose information about certain investors to the Australian Taxation Office (**ATO**).

In order for the Fund to comply with its obligations, we require that you provide certain information about yourself, including your US Taxpayer Identification Number. We will determine whether the Fund is required to report your details to the ATO based on our assessment of the relevant information received.

8.10 COMMON REPORTING STANDARD (CRS)

The CRS is a tax reporting regime developed by the Organisation for Economic Co-operation and Development (**OECD**). Australia has committed to implementing the CRS by signing the Multilateral Competent Authority Agreement with the OECD and passing appropriate supporting legislation enabling tax information to be exchanged between tax authorities.

The CRS requires financial institutions to identify and report foreign resident account holder information to their local tax authority, which will in turn exchange the information with the tax authorities of participating foreign jurisdictions.

8.11 NOT TAX ADVICE

This tax summary is not tax advice. It is provided by us as a general statement relating to high level Australian tax implications for an investor in the Fund. It does not address all tax consequences of an investment in the Fund, or investments by the Fund. Investors should seek their own independent advice as to how an investment in the Fund might affect their personal tax position.

We are not licensed under the tax agent services regime and cannot provide tax advice to investors. This section is intended to be a general guide only and is not intended to be definitive advice, nor relied upon as such. As the taxation outcomes will depend on individual investors' personal circumstances, it is recommend that all investors consult with their taxation adviser in relation to how these outcomes may apply to them.

9.1 BACKGROUND

We consider that certain documents are material to the operations of the Fund and may be relevant to you. A description of material documents, together with a summary of the more important details of each of these documents, is set out below.

9.2 CONSTITUTION

The Constitution establishes the Fund and governs your rights and obligations as an investor in the Fund. Investors are bound by the provisions of the Constitution. The Constitution and the Corporations Act regulate the operation of the Fund and set out the rights and liabilities of investors and of our responsibilities and duties as the responsible entity.

The Constitution includes provisions which relate to:

- (a) the responsible entity's powers, duties and obligations;
- (b) the rights and obligations of investors;
- (c) the ability of investors to remove the responsible entity
- (d) the issue of Units and the procedure for the redemption of Units;
- (e) the transfer and transmission of Units;

- (f) the valuation of the Fund;
- (g) fees payable to the responsible entity;
- (h) the responsible entity's right to be indemnified by the Fund for expenses, losses and liabilities arising in its capacity as responsible entity providing it has properly performed its duties;
- (i) the winding up of the fund;
- (j) meetings of investors;
- (k) complaints and procedures in relation to the Fund; and
- (l) the responsible entity's limitation of liability (subject to the Corporations Act).

We may amend the Constitution without investor consent where we reasonably believe the amendment will not adversely affect investors' rights. Otherwise, the Constitution can only be amended where at least 75% of votes cast by investors

(at a meeting convened in accordance with the Constitution and the Corporations Act) vote in favour of the amendment.

We may retire, or be removed as responsible entity by investors, in accordance with the Corporations Act.

Investors may view a copy of the Constitution at our registered office during business hours. A copy of the Constitution may be obtained by searching ASIC records or by written request to us and a payment of a fee (currently \$10).

9.3 COMPLIANCE PLAN

We have prepared a Compliance Plan which has been lodged with ASIC. The Compliance Plan is a document that outlines the principles and procedures in relation to the conduct of the Fund that we follow to ensure we comply with the provisions of the Corporations Act, ASIC policies and the Constitution.

The Compliance Plan deals with a wide range of issues including:

- (a) that the assets of the Fund are identified as assets of the Fund;
- (b) ensuring the Compliance Committee functions properly; and
- (c) that accurate records of the Fund's operations are kept.

Each year, adherence to the Compliance Plan is audited by an external Compliance Plan auditor and the audit report is lodged with ASIC.

The Compliance Plan may be viewed at our offices during normal business hours.

Complete this section if you wish that an Ongoing Advice Fee be paid monthly from your investment distributions.

Fixed dollar amounts are not possible.

If you close your investment in the Fund before the end of the month, no payment will be paid for that month and your financial adviser may look for this to be paid direct by you. We will keep paying any Ongoing Advice Fee until you advise Skyring it has changed or should stop.

In general, an appointed financial adviser can do everything you can do with your investment, except appoint another person to operate your account.

It is important to tell us promptly if you no longer wish your financial adviser to operate your account, or if your financial adviser changes – we will keep accepting their instructions until you or they advise us in writing that the appointment has terminated.

We may suspend or terminate their appointment for any reason considered reasonable, and may change the terms on which they operate your account.

You indemnify us from any loss you, we or our unit registry suffer through the appointed financial adviser, and agree to ratify their actions if we ask.
